

Introducing the Newest Innovation in Scanners

# *One Fast P.E.T.*

**Northern California PET Imaging Center leads the way in molecular imaging... *Again.***

***Fast.***

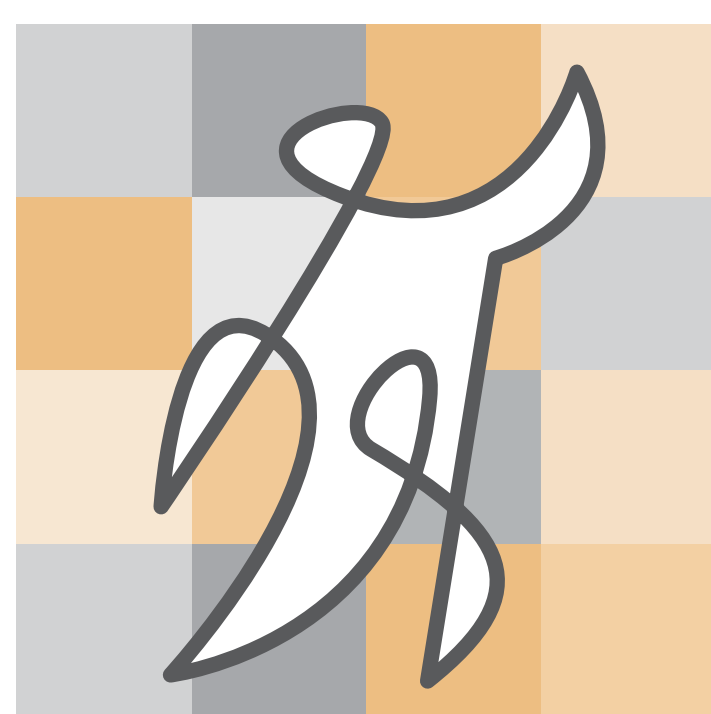

Reduced scan time by half.

***Efficient.***

Unique software allows significant reduction in radiation exposure without compromising quality.

***Accurate.***

Remarkable Molecular Clarity: 2mm resolution throughout the field of view.

NORTHERN CALIFORNIA  
**PET Imaging Center**

*Pushing the Boundaries of Speed & Innovation*
